

Finance Manager

Who we are

Corp pag is a dynamic and international boutique trust and corporate services provider. Our goal is to remain relatively small-scaled, so that we can continue to distinguish ourselves with the personal services we offer to our clients.

Though legislation varies in different countries, Corp pag's ethical code is strict and equal worldwide. We are very happy to help companies and private individuals that are, just like us, entrepreneurial, transparent and earn their money in a sustainable and responsible manner. We are here to optimize their business and be part of their success.

At Corp pag we put high emphasis on our ESG policy, by always focusing on people and the environment, in anything we do. This drives us making clear and transparent choices on the industries and clients we want to work with. As we have been a successful and healthy company for close to 50 years and as making money is not our main goal, we are in a privileged position of being selective in which type of client we want to work with.

How we see you

As Finance Manager at Corp pag you will work at Corp pag Spain's Barcelona office. You will be part of the finance team and work closely together with senior management, accountants, compliance and other professionals based in offices around the world. For this function the aim is to recruit a highly ambitious representative individual who is capable to provide quality service for our client accounting.

Your day to day tasks will include but not be limited to: assisting all client entities with their bookkeeping, tax compliance, cash management, statutory reporting, corporate reporting and audit assistance. You will play a big role in the further development of our Finance department in Spain and development of the team.

What you should (ideally) bring

At Corp pag we attach great value to the competences of our employees. We expect you are familiar with priorities and that you are strongly working together with other professionals. You are a specialist in your area of expertise. A constant focus on customers and integrity and is part of everything we do.

The successful candidate is likely to fulfil most of the following job requirements:

- Bachelor or Masters' Degree in Accountancy, Finance, Business Economics or similar field;
- The ideal candidate has a minimum of 3-5 years of working experience at an accounting firm with a focus on financial accounting with the ambition to make a career in finance;
- Self-starter who is passionate about his/her work and has a 'can do' mentality;
- Continuous drive to improve processes, reporting & management information and has strong problem-solving and analytical skills;
- Excellent written and verbal communication skills in both English and Spanish;
- Excellent knowledge of Spanish GAAP & Tax Compliance; IFRS or foreign GAAP would be a pre;
- Knowledge of client accounting applications SAGE.

What we value

He who does not advance, goes backwards. And going backwards is not the way to go at Corpag. We want to go forward. Grow. Spread our wings. Safeguarding our existence while looking ahead. That also entails planning ahead.

At Corpag we attach great value to the competences of our employees. We expect you are familiar with our shared priorities and that you are strongly working together with others. You are a specialist in your area of expertise. A constant focus on integrity is part of everything we do.

What we offer

- Chance to be part of a rapidly growing global organization with the highest ESG and fiscal integrity standards in our industry;
- An organization with a true 'one firm' -approach worldwide, ensuring an inclusive workspace with a diverse team of young, knowledgeable and high-achieving colleagues;
- Excellent growth and advancement opportunities and a working environment that stimulates learning and development, amongst others by having our internal education program, Corpag Academy;
- Flexibility throughout the entire organization thanks to a flat organizational structure with an always open door policy;
- Competitive salary conditions and benefits, complemented by continuous initiatives to ensure employee happiness and well-being;
